

## 艾尔利港 Port of Airlie

澳大利亚 昆士兰州 圣灵群岛  
The Whitsundays, QLD, Australia  
Meridien

设计上体现了热带地带的景观特征。

艾尔利港被视为艾尔利海滩复兴的推动力, 包括2个度假村、1个码头、商业区域和诸多的住宅区。

普利斯设计集团与建筑师共同合作, 设计了高端私人区域景观和充满活力的公共区域。酒店采用经典永恒的设计风格, 与艾尔利海滩相辅相成, 公共区域动力十足, 并强化了热带风格。

The design creates a cohesive landscape character that reflects the tropical location.

The catalyst for the rejuvenation of Airlie Beach, Port of Airlie includes two resorts, a marina, commercial precincts and exclusive residential lots.

Place Design Group worked in conjunction with the architect to conceptualize high quality private landscapes and robust public spaces. The design created a timeless style, complementary to Airlie Beach, suitably robust for public spaces, and maximising a high degree of tropical character.
