

## 翡翠山钟楼公园 Emerald Hills – Bell Tower Park

澳大利亚 新南威尔士州 悉尼  
Sydney, NSW, Australia  
Macarthur Developments

作为翡翠山的重要社区公园，钟楼公园设计上借鉴了遗产建筑，促进活动的开展，并最大化了保留了周边景观视觉效果。

钟楼公园位于山顶，享有Kanangra-Boyd国家公园的广阔景色，是翡翠山发展区内的重要开放空间。该公园位于由COX建筑事务所于1960年代建造圣安德鲁斯男孩之家故居的旧址。

设计团队将之前学校的各种建筑参考融入公园和各种家具元素的设计，包括采用相同建筑形式的休息亭结构和重新使用遗址材料。整个公园内的一系列青铜雕塑也参考了以前学校中的男孩们。

该公园拥有多个鲜明的特色区域，包括开放式积极活动休闲草坪，高架木板路和带有钟楼攀爬结构的游乐区。设计中保留了许多现有的成熟树木以提供遮荫。公园还设有俯瞰高架的观景露台/平台。

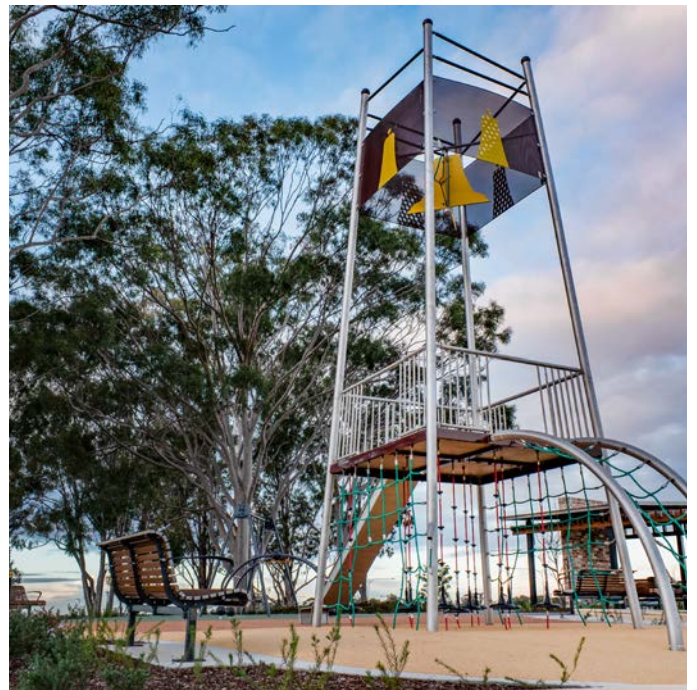

A critical community park for the Emerald Hills community that references iconic heritage architecture, promotes activity and maximises views.

Located on the crest of a hill with expansive views to the Kanangra-Boyd National Park, the Bell Tower park is a critical open space within the Emerald Hills development. The park is positioned on the former site of the St Andrews Home for boys, built by COX Architects in the 1960's.

The design team incorporated various architectural references of the former school in the design of the park and various furniture elements including a shelter structure referencing the same architectural form and the re-use of site won materials. A sequence of bronze sculptures positioned throughout the park also reference the boys who attended the school originally.

The park features multiple distinct character zones including open active recreation lawns, elevated boardwalks and a play precinct with a bell tower climbing structure. A number of existing mature trees have been retained in the design to provide shade. The park also features a viewing terrace/platform at an elevated level.
