塔拉旺站临时激活区 - 悉尼地铁西北段场地项目

Tallawong Interim Activation Area - Sydney Metro Northwest Place Program

澳大利亚 新南威尔士州 悉尼

Sydney, NSW, Australia

Landcom

这个临时激活区是为社区和通勤者在塔拉旺站(悉尼新地铁的一部分)使用而打造的。

塔拉旺临时激活区为社区、通勤者和附近的居民提供了一个功能化的空间。普利斯设计集团接受Landcom委托,设计的这个临时激活区吸引社区居民参观塔拉旺站。该空间设计灵活,使用了大型座凳、野餐设施和长椅,让人们在等地铁、见朋友或吃东西的时候,能在树荫下或有遮荫的地方休息。它的设计是对地铁站前的补充。现在这里已经成为了一个有孩子的家庭可以来玩、或者社区的居民可以坐下来放松的地方,而更永久性的空间则在建设中。

This Interim Activation Area has been created for community and commuters to enjoy while at Tallawong Station - part of the new Sydney Metro.

The Tallawong Interim Activation Area (IAA) provides a functional space for the community, train commuters, and residents nearby. Place Design Group was engaged by Landcom to design an IAA that would engage the community visiting Tallawong Station. Designed for flexibility, the space uses large seating pots, picnic settings and benches for people to use and take a break under the shade of the trees or shelters while they wait for the metro, meet up with a friend, or have a bite to eat. Designed to complement the metro station forecourt, it is now a place where families with children can come to play, or where the community can simply come to sit and relax. A place to stop and relax whilst they wait for the more permanent spaces to be constructed.
