示范区高于周围的街道，将现代中国建筑风格与当代景观设计融为一体，集两者之精华。

建筑围合出一个较为私密、细节丰富的下沉庭院。售楼处正面及两个侧面设置的镜面水景令建筑如漂浮在水中。

下沉庭院中设计了休憩和交流的空间。庭院虽被围合，但阳光能从开放的上空中射入，将水反射于景墙上，闪烁着光芒。珑悦锦云示范区通过中式经典的月洞门形成圆形框景，使访客视线集中于雕塑之上，进一步加强了建筑与艺术之间的联系。

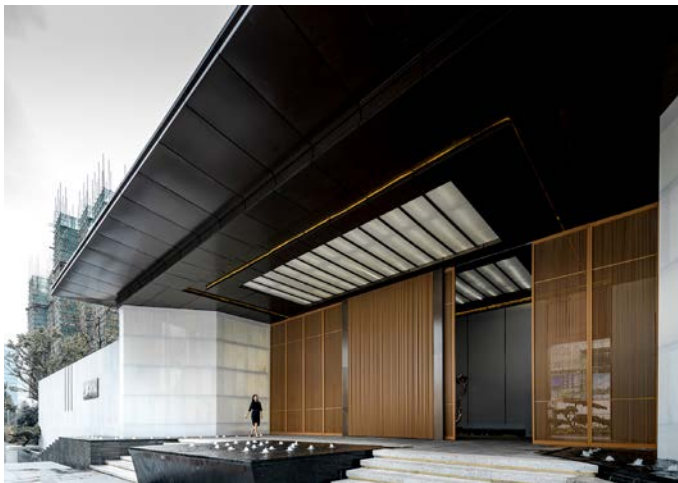

Elevated above the surrounding streets the Long Mansion Display Area combines modern Chinese architectural style with contemporary landscape design to fuse the best of both professions.

Staged over various levels from street level to sunken courtyards the architecture creates private enclosed spaces that are still open to the sky and frame detailed internal views. Still shallow water features at the entry and sides of the building reflect the architecture and leave an impression that the building is "floating" on the water.

As you progress further into the space you step down to a sunken courtyard that contains resting areas and discussion spaces. The open nature of these lower spaces still allows for sunlight to stream in, creating reflections off the water onto the walls that appear to sparkle with the light. Framed views to sculptures through classic Chinese elements such as circular windows to the walls further reinforce the connection between architecture and art.
