示范区通过一系列大小空间的自然衔接, 营造出世外桃源般的静谧和处处皆风景的归家旅行。

海玥花园位于南京市河西CBD的核心位置。示范区入口强调“隐”的概念, 通过干净却富有细节的景墙, 和栽有紫薇树的镜面水景打造出低调静谧的空间。下沉庭院是示范区的核心区域, 以干净的玻璃幕墙作围合, 并以两个突出建筑界面的VIP卡座丰富庭院的空间表现。作为景观主体的大型镜面水景中有一座镜面不锈钢旋转雕塑, 与整个项目“万物”的设计理念完美契合。庭院一角的弧形楼梯解决了立体交通和消防的需求; 与乌桕树的搭配更是形成了人工与自然, 斜向弧形与竖向直线的对话。

The display area creates a quite and peaceful journey home with abundant experiences through thoughtful arrangements of spaces.

The One Skyvilla is located at the centre of Hexi CBD in Nanjing. The design of the display area entrance emphasises the concept of “seclusion”, creating a quiet space through a simple yet detailed feature wall, as well as a mirror water feature with a feature crape myrtle tree. Internally the sunken courtyard is the centrepiece of the display area and is encircled by clear glass walls. Two individual VIP rooms project out beyond the line of the architectural edge to further adds to the spatial complexity of the courtyard. The centralised rotating sculpture made of stainless steel appears to “float” on the large mirror water feature which matches the project concept of “The One”, water and art integrated together. The curved staircase in the corner of the courtyard provides both pedestrian passage and EVA function, while its combination with a mature Chinese tallow tree creates a dialogue between the artificial and the natural, the horizontal and the vertical.
